## Enhjørning nøglering med pompon af tyl

Enhjørningen er fortrykt motiv på krympeplast, der er malet med farveblyanter. Motivet klippes ud, og et hul laves med en hultang. Krympes herefter til 1/3 størrelse i alm. ovn. En pompon af tyl laves på et pomponværktøj og sættes sammen med motivet i en nøglering.

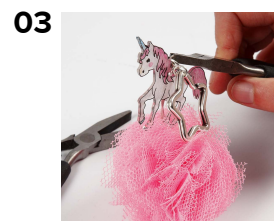

01

Colour in the pre-printed design on the shrink plastic sheet using colouring pencils. Cut out the figure with a pair of scissors and make a hole at the top using punch pliers. Shrink in the oven to 1/3 of its original size.

02

Cut 4 cm wide tulle strips and wind the strips of tulle around the pom-pom maker. Close it and cut open the tulle along the groove between the two discs.

03

Attach the unicorn and the tulle to the keyring using the cord in the pom-pom and two round jump rings which are closed using flatnose pliers.
